D. REGION RULES-POLICY

Region rules/policies pertaining to TOB and TIA must be published and available to all potential and current members. This will include region championship plans, region scholarship requirements, region awards requirement, region ticket policy (if different from TOB Rule #5) and other region information.

#2. TOURNAMENT POLICY

A. PROGRAM APPROPRIATENESS

All programs, soundtracks, thematic and costuming choices must reflect the qualities that would be acceptable for performance at a scholastic venue or suitable for marketing to sponsors on a national level.

SUPPORTING INFORMATION:

Common sense is your guide. Venues and administrators are starting to observe, look at, and express concerns over material presented for public within their facilities, and their students are required to attend.

Schools, used by scholastic ensembles, or rented by independent ensembles, may have added "acceptable presentation" clauses, or may ask to preview performances. Many schools now require a review of theatrical and dramatic works. Bringing in outside performance ensembles may be a concern to administrators, based on past experiences.

B. STUDENT SAFETY

No participant may be or be placed on any portion of any prop where the participant's feet are more than six (6) feet above the playing surface of the stadium/floor, unless appropriate safety railing and/or other safety equipment are in place and use.

Drum Major podiums may exceed six (6) feet and Drum Majors may stand more than six (6) feet above the playing surface if he/she is using a podium and provided such podium has appropriate safety railings.

POLICY

Props built and/or used, including drum major podiums, that measure over six feet high and are used in such a way that result in a participant whose feet are more than six feet above the competition surface must have appropriate safety railings in place or protective padding around the prop to prevent injury. Participants are prohibited from jumping or leaping off any prop that exceeds six feet in height unless protective padding is in place or other adequate safety precautions are taken. PENALTY: At the discretion of the Chief Judge, prohibition of the use of the over height/unsafe prop(s) or disqualification.

SUPPORTING INFORMATION:

Use common sense. More facilities are questioning safety of performers and liability of the director/unit. Wenger, Jarvis, others now require railings/warning labels as part of purchase of equipment. Guidelines and OSHA requirements for workers, and now performers, is an issue at some sites.

C. CRITIQUE PLANNING

Critique will begin 15 minutes after last competing group. Time for critique will be no longer than 45 minutes total.

D. TIA SOUND POLICY

All units should review the WGI Sound Policy listed below, as this will be expected of all units in TIA

- All ENSEMBLES are required to provide a DIGITAL file of the performing groups sound file prior to event. Groups are encouraged to have a backup CD/Phone file.
- All ENSEMBLES should do a sound check at the designated times provided in the contest information packet to ensure the playability of file.
- ENSEMBLE is responsible for providing the method that the music will be played, e.g. beginning 2025 season, all files need to be DIGITAL.
- ENSEMBLE must provide their music in a timely manner to the designated sound operator. Any delay in providing music is the responsibility of the ENSEMBLE**
- ENSEMBLE must have a designated person at the sound table incase of error with another copy of music such as MP3 players or computer. A representative must instruct the sound operator as to what track or other relevant information is needed to start the music when directed by the contest Timing and Penalty judge or after the ENSEMBLE's introduction.
- If the ENSEMBLE has an issue with the music such as music is too soft, it begins in the wrong place or skips, the ENSEMBLE's representative must make the decision to stop the music and tell the operator to stop the music.
- Interval timing will continue as the ENSEMBLE resets and begins again. The Contest Administrator has the sole discretion in waiving any timing penalty due to the restart. If the stoppage is due to faulty sound equipment, operator error or an unexplained reason, overtime penalty may be waived.

- Issues related to the equipment provided by the ENSEMBLE, quality of the CD or the ensemble's representative error (using wrong playlist on MP3, etc.) will result in the actual interval timing being used and penalties, if any, being assessed.
- Volume direction must come from the ENSEMBLE representative at the sound table. Direction will not be taken from the audience viewing area or across the floor. Final volume discretion is given to the sound operator based on their equipment and the Chief Judge who ultimately determines an appropriate volume level.
- The ENSEMBLE representative may provide direction to the sound operator during the performance regarding equalization.
- It is the responsibility of the ENSEMBLE to provide their music for each performance and to ensure that their soundtrack is working appropriately. CDs may not be left at sound table between performances.
- Under no circumstances will verbal abuse of the sound operator be tolerated. Penalties will be assessed per current WGI rules.

G. TOURNAMENT PREVIEW SHOW PLAN

The Tournament Preview Show is an opportunity for TOB/TIA members to interact with adjudicators, with live feedback, discussion, and education at a January (TIA) or first weekend (TOB) Tournament event. Each TIA/TOB Region has the opportunity to schedule an education event for their members.

TIA/TOB units may participate in a Preview Clinic only once per TIA/TOB season, and prior to competing in any TOB/TIA event. Any TIA/TOB unit may compete in the evening show. The Band Director/Unit Director **MUST** be present and in the performance area with students through the entire event.

THE DAY:

Morning/afternoon 20/30 minute sessions with TIA/TOB member region units and panel

TOB: *Both* music and visual judges are scheduled for the entire day. No Auxiliary/Percussion is used for TOB Preview

TIA: All 5 visual judges and percussion judge are scheduled for the entire day.

Evening competition for all TIA/TOB members – as a regular TOB/TIA show.

DAY OUTLINE:

20/30 minute performance slot for each unit – usually 4-6 hours total as determined by coordinator and host

Panel discussion during show run, with opportunity for discussion following run as well
Second run of show – time permitting

Director may choose to perform complete program or excerpts

This Preview Event is offered in place of critique following the competition

PAYMENT:

NJA adjudicators are paid as per contract for a TIA/TOB event. The total number of units viewed through the entire day (preview and competition) will be the payment of the day, using the current NJA/TIA/TOB contract for judges.

EXAMPLE: 7 preview units for the afternoon preview and then 8 competition units for the evening = each judge has viewed 15 units total

Payment may be through host school or Region treasury or combination, based on region plan

PANEL ASSIGNMENT:

Coordinator should discuss adjudicator assignments with TIA/TOB Education Director, Judge Coordinator, and TOB/TIA Director to find the right “fit” for the needs of their region members. Adjudicators with strong education background and experience, as well as annual NJA/TOB/TIA Education Day experience are requirements.

TRAINEES/MAKE-UP:

The Preview shows are excellent opportunities for training /education experiences for both new and current NJA adjudicators. However, only the assigned NJA staff will participate in discussion and clinics. All others should use a separate area for their practice/review sessions.
