Accessing Your Account

https://windi.njatob.org/unit/unit_sessions/new

Username:
MarchingBand
Password:
1234

For access at shows you will need the WINDI PLAYER App, available in both the App Store and Google Play.

Instructions for accessing your sound files on the App is included in this packet.

WINDI is the National Judges Association's proprietary system that encompasses all of your needs for show registration, score recaps, judges audio files, and more!

What YOU are able to do in WINDI:

- Change the password
- Update contact info. (We need to have more than one contact.)
- Register for shows that are OPEN (any Region)
- Un-register for shows that are NOT Closed
- **Listen to Judges' files from current and past shows - This can be a great tool to be able to listen to judge comments last year and help guide your decision making process as you move forward!**

What your COORDINATOR is able to do for you:

- Change the username and password
- Update the group size and/or class
- Add or remove you from a show that is closed *CAUTION – Withdrawing from a contest within 2 weeks of show date risks bond forfeiture - see Bylaw #8

YOUR WINDI ACCOUNT PAGE HIGHLIGHTS

Home Page:

Menu is on the left

Upcoming Events Shows ONLY the next 3 shows you are registered for, NOT all of the season.

Judge Files - ONLY the last 5 are accessible on the HOME PAGE.

Results:

Here you can select the shows you participated in, see the score recaps, and download all of the judges' files from that show. (Including the current show. See note below)

Event Registration:

Here is where you register for and unregister from shows that are OPEN (Blue Button to Register, Red button to Unregister).

If a show is CLOSED (The default message is Event Closed. Email host to be put on waiting list.), it is because it is either:

- Full - Contact host for the waiting list (there will be a note on the show name)
- Not Open yet because the contract has not been received
- It is within the 14 days before a show. (Cancelling your commitment during the time frame can result in a bond forfeiture.)

Library:

Current Rules, Policy, Judges sheets, and any other important documents for units

Accounts:

As of right now, this tab is still under construction. Further instruction will come at a later date.

Each Band has ONE account. Staff members do not have separate accounts.

***It is recommended that ONE designated staff member downloads the judges files at the show. That person would share files with staff. Files are available within minutes after your performance. Ask the Tabulator for assistance if you need it.**

It is IMPERATIVE that someone has listened to the files before critique (Divide and Conquer if necessary). This fosters productive conversation with the adjudicators and allows you to be prepared to ask questions and get clarifications. Make the most of your 2 to 3 minutes. The question "What did you think?" is not productive to dive deep into the show's design or performance.

HOW TO ACCESS YOUR SOUND FILES

Download the App
Available on Google and Apple app stores!

1

2

Select "Use Cloud"
Nearly all shows do NOT require you to be on a wifi router.

See your tabulator if "at show"

Login
Login information is the same you use to register for events. Different staff members DO NOT need separate logins.

3

4

Listen!
Listen to your sound files and take notes before critique!

App Problems?
You can also access your files by logging into *windi.njatob.org* via any internet browser.
